PERSONAL PROFILE

I am a second-year Computer Science student at the University of Nottingham. I have **excellent analytical and relationship-building skills** from my studies and work experience and I am currently seeking a role to use and further develop these skills.

EDUCATION

University of Nottingham – *BSc Computer Science*
SEP. 2022 - NOW

Second-Year Grade: Predicted 2:1

Selected Modules include:

- Mathematics for Computer Scientists 2 (72%)
- Mathematics for Computer Scientists 1 (71%)
- Computer Fundamentals (71%)
- Developing Maintainable Software (66%)

Abbey Grange C of E Academy - *A-Levels*
SEP. 2018 - AUG. 2020

- A* in Mathematics, A in Physics, Chemistry, Further Mathematics

Abbey Grange C of E Academy - *GCSEs*
SEP. 2015 - AUG. 2018

- 11 GCSEs Grades 9-7 or A*

WORK EXPERIENCE

University Of Nottingham - University Park Campus, Nottingham - *IT Support Team.*
SEP. 2023 - PRESENT

- Responsible for resolving IT-related issues for the students and staff of the University of Nottingham.
- The nature of the job means **technical knowledge, problem-solving skills, and excellent customer service** are a necessity to provide a reassuring & successful service.

University Of Nottingham - Jubilee Campus, Nottingham - *Capital One Software Engineering Project.*
SEP. 2023 - MAY. 2024

- Collaborated with Capital One for 9 months to develop an **AI-powered Spending Forecast App** as part of a second-year group project.
- Leveraged **AI technologies and app development software** to create an innovative solution, adhering to strict **AGILE methodologies** throughout the project.

HAP Solutions Group - The City Ground, Pavillion Road, Nottingham - *Hospitality Shifts.*
SEP. 2022 - AUG 2023

- Working various roles at The City Ground - home of Nottingham Forrest Football Club - including Stewarding, bar member, and ticketing office.
- **Excellent communication skills** were imperative to work differing roles every shift under the intensity of matchdays.

University Of Leeds - University of Leeds, Woodhouse Lane, Leeds - *Placement with the University of Leeds Physics Department.*
JUN. 2019

- During my placement, I gained insights into cutting-edge research methodologies and collaborated closely with established faculty members to produce a poster based on an active topic of research.
- This experience enhanced my **analytical and problem-solving skills** while providing me with exposure to advanced scientific projects, contributing to my overall academic and professional growth.

TECHNICAL EXPERIENCE

App Development
- I have experience **using Kotlin to develop Android applications**. Using Android Studios, I have successfully created user-friendly and efficient mobile applications, including the UI for a wallet app that can display various types of bus tickets.
- My expertise in Kotlin allows me to **streamline code development**, enhance app performance, and ensure compatibility across various Android devices.

Computer Systems & Hardware
- I possess the skills and knowledge to **build a PC from scratch**. The experience includes selecting compatible hardware components, assembling and configuring the system, as well as troubleshooting and resolving hardware issues.
- Building a PC deepened my **understanding of computer architecture** and furthered my interest in hardware engineering.

Web Development
- I developed my **portfolio website**, hosted on GitHub Pages, to showcase my projects and skills.
- This dynamic site **highlights my academic achievements** and coding experience, demonstrating my proficiency and professional readiness.

Coding Experience
- Gained further knowledge in **C, Java, Python, and SQL & PHP** as part of first-year programming modules.
- Proficient in **Java** because of similarities to **Kotlin**.
- Proficient in **C++** from using Arduino devices.

EXTRACURRICULAR ACTIVITIES

- I am an active member of the University of Nottingham Computer Science Society responsible for the organisation of various events & activities.
- I am passionate about Football and really enjoy the team ethos of playing competitively for the University of Nottingham Computer Science Society team.
- In addition to English and Amharic, I am competent in French and Arabic.

ADDITIONAL AWARDS

D of E Silver award   D of E Bronze award

Sports Leaders UK Level 2 Qualification in Sports Leadership
